

DANU FEBRIANTO

Junior Data Analyst

Sawangan, Depok City | +62 899 5892 389 | febrianto370@email.com | [Click to see my web resume](#)

SUMMARY

An Informatics Engineering Fresh Graduate from Universitas Pamulang (GPA 3.53) specializing in Data Analysis. Highly skilled in relational database management using SQL, data manipulation via Excel, and data visualization using Power BI to deliver actionable business insights.

EDUCATION

UNIVERSITAS PAMULANG (2021 - 2025)

- Bachelor of Informatics Engineering – GPA 3.53
- Kampus Merdeka Certified Independent Study (SIB) – Front-End & Back-End Program (Score: 89/100)

PROJECT & TRAINING EXPERIENCE

E-Commerce Business Performance Analysis (TheLook Dataset)

GrowthHub Indonesia (July 2026)

- Extracted and analyzed large transactional datasets in Google BigQuery using SQL aggregate functions, INNER JOIN, and CASE WHEN for market segmentation.
- Processed data using Python (Pandas) and Matplotlib to visualize monthly revenue trends, generating customer retention insights to optimize sales strategies.

Grocery Sales Management Analysis

KarirNex by PT Ebiz Karisma Internasional (Feb 2026)

- Processed sales data using complex Excel formulas (IF, VLOOKUP/HLOOKUP), Power Query, and Pivot Tables to generate structured business reports.
- Developed basic report automation using VBA Macros, successfully reducing data processing time.

Student Academic Performance Analysis

Special Skill Indonesia (Feb 2026)

- Conducted Exploratory Data Analysis (EDA) to identify patterns, trends, and anomalies within student academic datasets.
- Built interactive dashboards and structured reports using Microsoft Excel and Power BI to support data-driven decision-making.

Capstone Project

Dicoding Indonesia – Front-End Web & Back-End – SIB Batch 6 (Feb 2024 - Jun 2024)

- Collaborated in a team to develop an e-commerce website and designed the application's UI/UX layout.
- Developed the front-end interface using HTML, CSS, PHP, and JavaScript.

SKILLS

Tools & Programming Languages

- SQL, Python, PHP, JS
- Microsoft Excel
- Power BI, Data Studio
- BigQuery, Google Colab

Soft Skills

- Communication
- Problem Solving
- Time Management
- Team Collaboration
